8,500 Enameled Iron and Brass Beds At Half and Better

Than Our Regular Prices Prior to This Sale.

The entire bankrupt stock of Oscar E. A. Wiessner at exactly half and better than our selling prices prior to March 25th. We bought outright by actual count 8,500 Beds and we will stake our reputation that this is the largest bona fide purchase of Beds ever made by any retail house. And we will further stake our reputation that there is not in existence to-day, ready for delivery, a lot of Beds anything like approaching this quantity. And further, that up to the writing of this statement no purchase exceeding 8,500 Beds has ever been made.

> If the Manhattan Bedding Company will make a sworn statement and produce proof that they, prior to March 25th, sold to any single retail concern 15,000 beds of any kind to be delivered to the purchaser within a reasonable, specified time, say 30 days, we will give \$1,000 to any charity in Brooklyn that they may name.

Great merchandising achievements are natural to a store conducted on the broad, liberal, far reaching, merchantlike policy governing this business. The tremendous sales of Laces, Rugs, Oriental Goods, Furniture, Beds, Bedding and other merchandise, unlike in magnitude and interest, any ever held, compelling the attention not only of consumers, but makers and handlers in every section of the country, are impossible to the petty trading policy of which the chief aim is to sell two yards of something for a penny or a paper of cheap pins, with a great flourish of trumpets. This savors not of merchandising, but of peddling, and never can command and execute the masterful and beneficial sales which are of real and positive good to a community.

The marvelous response by the public to our efforts strongly confirms our policy of commanding great movements of merchandise by integrity, fair dealing and honest effort, in contradistinction to catchpenny devices often used (and often successfully) to deceive the public.

Consider the confidence necessary in our public to consummate a purchase of 8,500 beds.

It Is Deserved and Appreciated.

We can tender you no better evidence of their wonderful value than the fact that we have refused offers for from 1,000 to 3,000 beds at about the prices we will sell you a single bed. The only restriction is our right to deliver within 30 days.
